A measure of the percentage of alcohol in the bloodstream. The legal limit for BAC while driving is 0.08% in all states. Very high BAC levels severely dulls the brain and can cause serious injury or death.

The legal drinking age in all states is 21. You should demand proof of age of anyone entering the premises who appears to be under the legal drinking age. Wisconsin residents may prove age with either a valid Wisconsin identification card or a pictured Wisconsin driver's license.

(Sec. 125.07(7), Wis. Stats.)

A few tips:

- You should card anyone who looks under the age of 30
- Never feel rushed by a guest when checking their ID
- Some people might get offended when you card them. **That is OK.**
- Never accept an expired ID
